LINCOLNVILLE
CRA MEETING GUIDE

LEARN • SHOW UP • BE HEARD

Monday, October 5, 2026 • 5:00 PM
Alcazar Room • City Hall • 75 King Street • St. Augustine

WHAT DOES CRA MEAN?

CRA = Community Redevelopment Area. The Lincolnville CRA is a defined redevelopment area with a redevelopment plan. Its Steering Committee discusses redevelopment activity, gathers public input and makes recommendations to the Community Redevelopment Agency about the plan's goals, programs and projects.

WHAT IS ON THE OCTOBER 5 AGENDA?

2026–2027 LCRA BUDGET	A presentation on the new fiscal-year budget. Listen for where resources are allocated and how those allocations connect to programs and projects.
VICKERS / HAYLING PARK IMPROVEMENTS	A staff update on Eddie Vickers Park and Dr. Robert B. Hayling Freedom Park. Listen for current status, next steps and changes since the prior update.
PUBLIC COMMENT	The agenda includes general public comment. Residents may bring questions, observations and concerns into the public record under the meeting's comment rules.

HOW TO LISTEN

STATUS Where is it today?	**MONEY** Budgeted, contracted or spent?	**PEOPLE** Who benefits and how is it measured?
PROPERTY Homes, land or easements involved?	**NEXT** What happens after this meeting?	**VERIFY** Where can residents follow the answer?

QUESTIONS TO CARRY WITH YOU

- What has changed since the last meeting?
- What should residents expect to see next?
- What is planned, funded, designed, contracted, underway or complete?
- Where can we follow the status afterward?

A LITTLE CONTEXT BEFORE YOU WALK IN

This handout is designed to help residents understand the agenda and follow the public process. It does not tell you what position to take.

WHAT DOES THE STEERING COMMITTEE DO?

The City says the committee discusses redevelopment activity in Lincolnville, gathers input from the area's public, and makes recommendations to the Agency about implementing the Lincolnville Redevelopment Plan. It has five appointed members.

WHY THE BUDGET MATTERS

A budget shows where resources are authorized; it does not by itself mean the money has already been spent or that a project is complete. Listen for the connection between an allocation and the actual status of the related program or project.

WHY THE PARK UPDATE MATTERS

Vickers and Hayling are continuing CRA projects. Ask where each element stands now, what milestone comes next, and what residents should expect to see on the ground.
